

FIVB™

VIS SYSTEM

2022/2023 Season

IMPORTANT CHANGES FOR NATIONAL FEDERATIONS

Please note that clubs will not be able to initiate transfers until the instructions contained in this manual have been strictly followed.

As the system is being transitioned:

- The National Federations should use the VIS Software to create Championships Level.
- The Clubs and the players should use the VIS WebManager to create and sign the ITC.

The new version of VIS is available to manage the international transfers of players and should soon congregate all the features in a single platform. You will be updated in this regard in due course.

Main changes to the VIS system: National Federations

- National Federations must use the VIS Software to create Championships Level.

Link to download the [VIS software](#):

www.fivb.org/vis2009/downloadapplication.aspx?Code=VIS

- The International Transfer Certificate (ITC) is to be created and approved using the VIS WebManager.

Link to open the [VIS WebManager](#):

<https://app.fivb.com>

- Please note that the <http://www.fivb.org/vis2009/> (Internet Explorer “Silverlight”) must still be (temporarily) used as follows:
 1. Open Microsoft Edge and click on the menu button and then “Settings”;
 2. Select “Default browser” on the left;
 3. Select “Allow” for the “Allow sites to be reloaded in Internet Explorer mode” & restart the browser;
 4. Go to VIS2009, open the menu, and click “Reload in Internet Explorer mode”.

Doing the above step should help you to open VIS 2009 in Edge.

Create Championships Level

- These instructions are addressed to the National Federations who will create for the first time their Championship Levels using the VIS Software (example below):

Enter your normal Log-in details and on the icon “Federations” to make the changes for the new season

Adding Clubs

- The National Federations must create Club's profile using the VIS Web platform (VIS 2009):

- 1- Click on "Clubs" and then
- 2- Click on "New"
- 3- You will have a similar page as the example (NF-BEN) filling the Club and Address and then clicking on Insert

- 4- Once the Club is created (VIS 2009) it is automatically registered in the VIS Software and VIS WebManager. You can then find it by clicking on Clubs and by typing the name of the Club (ex: Allada VBC) by clicking on this icon and then filter

Please note that the <http://www.fivb.org/vis2009/> (Internet Explorer “Silverlight”) must still be (temporarily) used:

- If a new team must be created
- To find the affiliated clubs who still do not have a division’s level defined.
- To register their affiliated players.

Observation:

- The National Federations who have created or amended their Championship Levels must use the VIS Software. Should you require any assistance, please contact your Confederation and/or the FIVB.

**MANDATORY RECOMMENDATIONS TO RECEIVING
FEDERATIONS:**

- 1- **The Receiving Federation cannot deliver a player’s license to foreign players without a valid ITC approved by all parties on the FIVB VIS system;**
- 2- **For players who have dual nationalities and who are not already registered on the FIVB VIS System, the Receiving Federation must provide the FIVB and the respective Confederation with a copy of one and/or both passports;**
- 3- **For any changes regarding a player’s profile, you have to keep the same FIVB VIS number for that player in order to avoid duplicates. Players are not allowed to have more than one (1) FIVB number or VIS profile.**
- 4- **Regarding any issue with the date of birth and/or family name of the player, you have to contact the FIVB and provide us with a scanned passport copy in order to be able to make the necessary corrections.**
